August 2006 - September 2015 Extension Associate I, Strengthening Families Initiative, New Mexico State University Cooperative Extension Service, Las Cruces, NM

Work Experiences

Ideas for Cooking and Nutrition (ICAN)

Provide leadership and guidance in the ICAN program in Dona Ana County, which includes the Expanded Food and Nutrition Education Program (EFNEP) and Supplemental Nutrition Assistance Program (SNAP) Education; hire and provide supervision, management and training of para-professional, nutrition educators; budget management; provide reports and documentation as required; act as liaison for the ICAN program and coordinate with outside agencies, schools and other groups to facilitate implementation of this county-wide program; develop program schedules and recruitment and retention strategies with four nutrition educators

Collaborate with colleagues, ICAN Program Director, State Office Team, County Program Director and Southwest District Director to provide quality nutrition education in English or Spanish throughout the county; provide NMSU dietetic interns and students completing their field experience in Cooperative Extension opportunities to engage in ICAN; link ICAN participants with Supplemental Nutrition Assistance Program (SNAP) resources and other resources or providers; promote ICAN at various events in the county

Strengthening Families Initiative

Taught parenting education, relationship skills and life skills to adults and children; provided series-based education in English or Spanish in Dona Ana County and Ruidoso utilizing the Nurturing Parenting curricula and the Family Wellness curriculum; collaborated with colleagues, program manager, agencies, schools and other groups to secure Community Partnership Agreements; developed programming schedules, brochures and fliers to disseminate program information to reach families with limited resources; responsible for recruitment and retention; data collection; administered pre-and post-assessments and program evaluation tools

Coordinator of approximately 30 NMSU Family and Child Science (FCS 424) students performing the 120-hour field experience in Strengthening Families Initiative, provided orientation sessions and trainings, completed mid- and final evaluations, supported students in setting goals and gaining experience in community education through Cooperative Extension; mentored and co-trained AmeriCorps Vista employees and NMSU student employees to co-facilitate the children's classes
